Product Parameter of the EPDM Car Headlight Black Rubber Cap:

- ①Product name: **EPDM Car Headlight Black Rubber Cap**
- ②Material: EPDM NBR Silicon or Can Custom
- ③Logo: Can Custom
- ④Size: Can Custom
- ⑤Can Custom: Black or custom
- ⑥Application: Automotive
- ⑦Certifications: IATF16949 ,ISO14001:2015,ROHS,CMC, etc
- ⑧Delivery: 30 -50days after sample confirmation
- ⑨Sample: 25-30 days
- ⑩Payment: 30% deposit, 70% payment before shipment
- ⑪Package: PE bags, Cartons,Pallet
- ⑫Payment Terms: T/T,L/C and so on.
- ⑬Shipment Way: Vessel,Air,Express etc.

Product Feature AND Application of the EPDM Car Headlight Black Rubber Cap:

EPDM Car Headlight Rubber Cap which have the function of Ozone resistance, heat resistance (-40℃~ 150℃), weather resistance and other excellent aging resistance.

Compared to plastic caps:

- ①The product is simpler, relatively cost advantage.
- ②It can be breathable and dustproof.
- ③Convenient installation and disassemble.

EPDM Car Headlight Black Rubber Cap Details:

Automotive Black Rubber Parts For Car Lamps Rubber Cap can effectively prevent rain, hail, snow, dust, dirt and debris from entering, and can quickly respond to differential pressure that may lead to seal failure. Our waterproof and breathable products quickly balance pressure differentials under both overpressure and underpressure conditions, thus preventing water, contaminants, condensation from entering housing and sensitive electronics.
